AGR VACANCY ANNOUNCEMENT

WASHINGTON AIR NATIONAL GUARD
194TH FORCE SUPPORT FLIGHT (DPC)
BLDG 107, CAMP MURRAY
TACOMA, WASHINGTON 98430-5012

ANNOUNCEMENT: 12-010-WADS

OPENING DATE: 28 December 2011

CLOSING DATE: Until filled

Position	Qualifying AFSC	Max Grade	Unit & Location
Cyber Transport Systems Journeyman	3D152	SSGT	WADS
	(retraining opportunity)		JBLM-McChord Field, WA

.....

This position will be filled under the provisions of Title 32, Section 502(f), United States Code. Selected applicant(s) will be ordered to active duty for one (1) to six (6) years. This is a career position. Members may apply for tour renewal at the end of each and any subsequent follow-on tour. Enlistment/Appointment in the Washington Air National Guard is a prerequisite for entry into the AGR program. Continued membership in the Washington ANG is a condition for retention in the AGR program.

Potential for promotion in the position is conditional upon assignment to the appropriate UMD grade, compliance with ANGI 36-101 grade comparability requirements and, if applicable, the availability of an AGR control grade. Selection for the position at a higher grade does not automatically constitute the immediate availability of an AGR control grade required for promotion to the higher grade.

SUMMARY OF DUTIES: This Mission Systems Maintenance NCO position is responsible for the following:

- Daily operation, configuration, software management and preventive maintenance of WADS mission systems, to include but not limited to, Battle Control System – Fixed integrated systems, NORAD Contingency Suite, Joint Range Extension systems, Air Defense Systems Integrators, and associated network routers and switches.
- Maintain fiber and copper infrastructure.
- Maintain Windows, UNIX and LINUX Servers and PC's.
- Perform maintenance on Local Area Network Commercial-Off-The-Shelf (COTS) secure computer systems and networks (The COTS equipment is repaired mainly through the removal and replacement of defective sub assemblies).
- Configure and operate Cryptographic Equipment such as STU IIIs, STEs, KIV-7s, KG-40s, KG-175Bs, KG-84As, KG-84Cs, and KG-250s.

Familiarity with:

- Windows and UNIX/LINUX based server-client models
- Basic PC repair, network fundamentals
- OSI model, and routing/switching protocols.

Member will also be considered for rotation through the Cryptographic Maintenance work center and the Maintenance Operations Center. WADS policy requires initial AGR tours be up to four years with potential for renewal at the end of current tour. Subsequent AGR tours are limited to a maximum of no more than four years.

AREA OF CONSIDERATION: All members of the Washington Air National Guard and those eligible for immediate enlistment in the Washington Air National Guard.

EXPERIENCE EVALUATION: Applicants who meet the minimum requirements for consideration will be further rated and ranked on their experience related to the "Job Elements" stated below. These elements are considered essential for successful performance in the position.

Element I – Knowledge of fundamentals of electronics, computer networks and digital theory

Element II – Knowledge of Network Security techniques

Element III – Knowledge of cryptographic techniques and equipment configuration

Element IV – Knowledge of communication and switching systems principles of operation and technologies

Element V – Knowledge of basic troubleshooting procedures, and operation and use of test equipment
